Whass Beam seating

by Nacar Strategic Design Agency

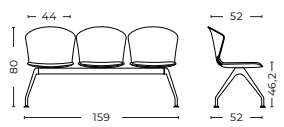

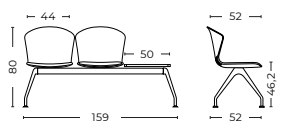

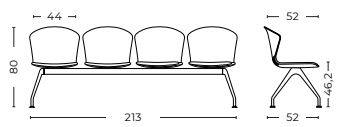

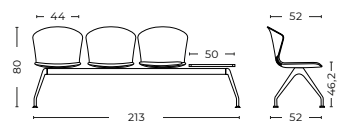

The enormous versatility and personalization capacity of Noom, designed by the Alegre Design studio, allows this line to fit into areas that include lobbies, waiting areas, meeting rooms and hotels, among others. And it achieves this thanks to chairs, armchairs, benches with an affable and transverse design available in a wide variety of options in terms of seat and structure, from armchairs with metal and wooden bases to high benches for counter and restaurant bar.

Whass's colour range helps us to create and accompany environments that have different philosophies, whether an informal space or a more serious and corporate environment. Everything is possible. Furthermore,thanks to the available colours for its plastic frame, structures, seat pads and upholstery, the collection offers extensive personalisation options.

Ecodesign

Recycled materials	High
Production	100%
Transportation	100%
Uso	Easy
Disposal	High

Recycled materials: Maximum use of materials to eliminate waste and minimize residues. Use of recyclable materials and recycled materials in components that do not affect functionality and durability. **Production:** Maximum optimization of energy use. Minimum environmental impact. State-of-the-art technological systems. Zero wastewater discharge. VOC-free coatings. Processes free of heavy metals, phosphates, OC and COD. **Transport:** Dismountable systems. Volumes that facilitate space optimization. Maximum reduction of energy consumption for transport. **Use:** Quality and guarantee. Long useful life. Possibility of substitution and replacement of elements. **Disposal:** Waste reduction. Reuse system of supplier-manufacturer packaging. Easy separation of components. Solvent-free water-based printing inks on packaging.

Regulations & EPD

Whass ave passed the tests carried out in our laboratory and the tests performed at the Instituto Tecnológico del Mueble (AIDIMME) corresponding to the standards:

Regulations	Description

Certificates

The different programs allow points to be obtained in different environmental categories, referring to sustainable plots, materials and resources, efficiency in water, energy and atmosphere, indoor environmental quality and innovation and design, which are applied to a building in order to obtain LEED certification.

Leed Certificate Platinum · Well Certified™ Platinum · European Level Certification Level 2 · Certified B Corporation · PEFC · California 93120 Compliant Formaldehyde Phase 2 · FSC www.fsc.org FSC® C106678 · AENOR ECODESIGN ISO 14006 2020 · AENOR QUALITY MANAGEMENT ISO 9001 2015 · IQNET · AENOR ENVIRONMENTAL MANAGEMENT ISO 14001 2015 · IQNET
